No. $\frac{3846}{164}$ 8-11-97

Communicates Bangalore Dy Commissioner's report with reference to the granting wet lands containing date trees in certain Taluks.

Sl 39 From

The Ex Commr.

No. $\frac{5383}{225}$ 27-12-97

Submits copy of communication from the Dy Commissioner, Bangalore, reporting further information regarding certain lands in some of the Taluks.

A. V. Ramaswamy Iyer-jai

Kadur:-

By Com^{rs}:- Lands ^{containing trees} are in request only in Kadur & Chik
- mafalur Taluks. Thinks they must not be given out at the
sacrifice of groves; nor lands in the midst of groves, according
to Prop^s $\frac{2827-35}{57}$ of 21/8/83. Lands outside the demarcated
grove but contiguous may be granted on the condition
that a margin of 5 feet are left uncultivated, to guard
against encroachment. Detached lands containing loddly
trees may be given out. Till demarcations are complete
only detached lands be given out if they do not contain
more than 100 trees.

Asst. Comm^r:- Lands under the special concession to be
given out only if they are not in the midst of groves utilized
for Loddly Revenue, after the trees are counted and marked
executed. Giving out lands in the midst of groves leads to
destruction of seedlings. Land containing trees in thick
on the borders and ridges, not interfering with a grove,
may be granted as ryots will ~~with~~ take care of them & the
interculture may ~~be~~ foster their growth. The numbers ^{were} applied
for for cultivation in the Kadur Taluk of which to contain
43, 66, 94, 60 trees per acre.

Encise Com^r:- Lands may be given only the portion con-
-taining trees being reserved as Sub numbers & the
trees thereon being reserved under Section 41 (2) of
the Land Revenue Code.

Chitaldroog:- Not much demand for wet lands containing date trees, there being
only 17 darkhasts in 1893. The arrangement of reserving
trees and giving out the land is not satisfactory as it
is difficult to prevent clandestine destruction of
date trees by the occupants. Thinks and the Encise
Comm^r concurs ^{with} that if a portion of number be covered
and another uncovered with trees, the uncovered be
given a Sub-number and granted and ^{that} where trees
are not thick and not required for Encise purposes
the entire land be given out. Beyond this, the Dy
Comm^r is not prepared to concede.

Subject No: 240
of 1893
Grant of lands con-
-taining date trees
for cultivation or
-reserving date trees
to Govt: -

Deputy Commissioners ~~Attention~~
were asked to ~~report~~ in Office Memo
of 30/5/94, to report what extent
was in request and whether such lands
be given out reserving the trees to Govt.

Bangalore St: Subdivision Officer: - The arrangement of reserving

the trees and giving out the land does not work satis-
-factorily. No use in reserving lands with less than
50 trees. Thinks that Govt: will realize capitalized
value of the Toddy Revenue by the sale of trees in the
first instance.

Deputy for: - Sends statement of land that may be
given under the special concession: -

Melamangala Taluk: - 2 numbers contain 53477 per acre
8 less than 12 per acre.

Sevanahalli: - 2 numbers with 26434 trees per acre

Magadi Taluk: - 22 more than 50 per acre many
of which have more than 100.
37 less than 50.

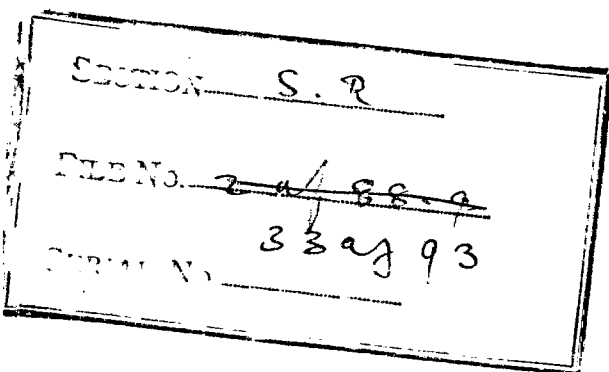

Kolar: - Sends a statement of wet lands containing date trees for which
darksheds have been received; none of them contains more
than 38 trees per acre.

Tumkur: - Giving out lands for cultivation reserving trees thereon
leads to complication; after revised lists are prepared, no
objection to the remaining lands being given out.
The Excise Commr supports the latter view.

Mysore: - Arrangement not likely to work well and not of
eventual benefit as trees are apt to decay from moisture.
Not advisable to refuse land for wet cultivation unless
toddy can be supplied otherwise. Even so, reservation
must be only till another arrangement can be made.

Hassan: - Sends a statement of wet lands given out for cultivation
3 numbers contain 176, 238, & 400 trees per acre.
2 contain 60 & 80, all others less than 36.

Shimoga: - Lands may be given when such arrangement is more
profitable to Govt: than reservation for Toddy Revenue
or where the applicants agree to the reservation of
such trees not interfering with cultivation

MB

General Question.

Whether, ^{not} lands containing date trees may be given out for cultivation, the trees being reserved to Government.

Opinions of Dy Comd^s were called for. They are summarised above. The majority of them are against the grant with reservation.

The present practice seems to be that special sanction is obtained in each case before granting such lands; but the trees are not reserved, though S. 41(4) Rev. Code would authorise such special reservation. Probably the request in the assembly was directed towards getting ~~the~~ a special rule which would deprive Dy Comd^s of their power to reject applications

~~24~~

for wet lands on the score
of there containing too many
date trees to be given away
to the occupant.

Submitted for orders.

(his last reference)

(put up) vide
Govt. Prop No: $\frac{9286}{R. 7132-93}$ of 25/4/97

The Excise Commr, in forwarding
of the Bangalore Deputy Commr's report,
had stated that as the list of wet lands
containing date trees then submitted
referred only to the Taluks of Masadi,
Devanhalli and Nelamangala, the
Deputy ^{Commr} had been asked to forward
a revised one for the whole Dt.

When the Under Secretary sent in
his note, the Secretary said that the
above revised list should be awaited.
A revised ^{list} was subsequently received
but that again referred to the same
Taluks as above instead of the
whole Dt. It was then asked to
~~know~~ whether there was no demand
for wet lands containing date trees
in the other Taluks of the Dt, the
reply to which (received after two
reminders) is in the negative.

The Excise Commissioner
has stated in one of his reports
recently recorded, that
complete lists of reservations
would be prepared in connection
with the tree-tax system.

This may therefore lie over for
the present. Sub forwarders. J. J.

Let us wait till come

Excise Commissioner's office
No. 124 (Case 1) Bangalore, 14th July 1893. 27
15

From

The Excise Commissioner,
in Mysore.

To

The Chief Secretary to the Dewan
of Mysore.

Sir,

In forwarding herewith copy of

1. Docket No 1881, dated 27th May 1893, from the Deputy Commissioner Tumkur District.
2. Docket No $\frac{6306}{123}$, dated 6th June 1893, to ditto.
3. Docket No 55, dated 10th July 1893, from ditto.

the marginally noted Correspondence between this office and

the Deputy Commissioner of the Tumkur District, in respect of the prohibition against granting for cultivation the lands situated in the midst of the date groves reserved for purposes of Zaddy Revenue, I have the honor to state that, during my recent tour of inspection it was discovered that, certain lands in the midst of the date grove of Coondana in the Devenhalli taluk, and which contained numerous

date,

date plants and seedlings, had been given out for cultivation. Therefore I issued a circular to the Deputy Commissioners, inviting their attention to the Government order N^o ⁽¹⁾ 2827-35, dated 21st August 1883, prohibiting the grant of lands for cultivation when situated in the midst of date groves. The Deputy Commissioner, Pudukkottai District, is of opinion that this prohibition was withdrawn by para 6 of Government order N^o ⁽⁶⁴⁾ 1978-87, dated 8th June 1889, - in respect of all the lands not reserved for date groves. I cannot agree with him, since it is distinctly stated in para 6 of the Government order in question that, in regard to the taluks in which specific fields are ordered to be reserved for purposes of toddy revenue, the restriction contained in the order N^o ^(1a) 3593 of 11th September 1884, against the grant for cultivation of lands containing date trees, is withdrawn, and as no allusion whatever is made in it about

about the lands in the midst of
date groves. Moreover, it is clear from
Government order no. $\frac{3856-64}{144}$, dated
7th August 1886, that the Dewan is
of opinion that the restriction contained
in Government orders nos. $\frac{2827-35}{57}$, dated
21st August 1883, and $\frac{3593}{81}$, of 11th September
1884, regarding the lands situated in
the midst of date groves, and those
containing date groves, respectively, should
be confined to the groves actually re-
served for purposes of Toddy Revenue.

Copy enclosed Hence my instructions in docket no.
 $\frac{6306}{123}$, dated 6th June 1893.

2. Date groves have considerably
declined throughout the province. In
the interests of Toddy Revenue, it is
of vital importance that not only
the existing groves should be carefully
protected, but also the natural and
spontaneous growth of new trees in
lands in the midst of reserved date
groves and also in those adjoining.
Such groves, should be encouraged.

With

With this object, it is desirable that the cultivation of such lands should be prohibited. I beg to solicit therefore that specific instructions may be issued by Government, the requisite Rules being framed and published under the Land Revenue Code.

I have the honor to be,
Sir,

Your most obedient Servant,

Thos. Kett
Excise Commissioner,
in Mysore.

M. S.

From

Gumbhurda

The Deputy Commissioner,
Tumkur District.

To

The Excise Commissioner
in Mysore.

Dated Camp Badavānahalli
27th May 1893

Despatched 29th

Received.

N^o 2 Mys 1881.

This Docket N^o $\frac{5187-94}{165}$, of the
28th March 1893, drawing attention
to Government order N^o $\frac{2827-35}{57}$, of
the 21st August 1883, and requesting
that, in accordance therewith
lands in the midst of date groves
may not be given out for cultivation
whether they contain date trees
or not.

Has the honor to state that
the Government order of the 21st
August

August 1883 referred to in the above
and the one that followed it (viz
order N^o 3593-91 of the 11th September
(12) 1884) were reviewed subsequently
in Government Proceedings N^o
(6) 3856-64-144 of the 7th August 1886 on
the ground that in the previous
orders the restriction in question was
too general, and it was directed
that lists of lands fit to be —
reserved for date groves should
be prepared and submitted.
Accordingly the lists for this
District having been prepared
and submitted to Government,
in order N^o ⁽⁶¹⁾353-4 of the 19th April
12 1889, the Government sanctioned the
reservation of the fields therein
enumerated, and in para 6 of a
subsequent order N^o ⁽⁶⁴⁾1978-87-47 of the
8th June 1889 withdrew the general
restriction previously directed.

Signed J. B. K. Venkatanarasingar.

Rule XI of the Land
Revenue Rules.

Lands containing Shendi
or ^{other} Valuable trees to be reserved

Enclosure to
All lands containing Shendi
or other valuable trees, or jungle which
may be considered fit to be reserved
for excise or forest purposes should
be reserved. With this view Deputy/Com-
missioners are required to place them-
selves in communication with the
Forest and Revenue Officers and prepare
a statement showing the lands to
be reserved in each village, and
publish the same in the villages
concerned. Even if the lands do not
contain Shendi or other valuable trees,
if they are situated in the midst
of Shendi groves or other valuable
trees they may also be reserved at
the discretion of the Deputy/Commis-
sioner.

The Toddy Contractors of the Civil
and Military Station of Bangalore
having thereupon requested the
Deputy Commissioner to Cause
these lands to be reserved for Toddy

of File No 132A

grove that officer has asked me
to do so. - In its order No. 3856-64 of
the 7th August 1886, the Government

directed that lists of the lands
fit for Toddy groves should
be prepared. - They were accordingly
prepared and submitted to Govern-
ment and the Government approved
of them in order no. $\frac{353-4}{12}$ of the Ptnhp
19th April 1889 and then in para
6 of its order no. $\frac{1978-87}{49}$ of the 27th June 1889 removed the re-
striction contained in the
previous orders against the grant
of other lands for Cultivation. -

② of July 20132A.

The lands now in question are
not in the lists of the fields re-
served as above for Toddy groves.

I, therefore, request to be informed
if, as desired by the Excise Com-
missioners, they may now be re-
served. - The enclosed list will
show that the no. of mature Toddy
trees in each of these numbers
is not very great. - I hesitate if
the reservation of these fields for
Toddy groves is preferable to the

extension of Cultivation. The
Sale of these lands has been fixed
for the 28th of this month. Con-
firmation of the Sale will have
to take place within 15 days from
the date of Sale. - I beg to be favored
with orders within that time.

2. I make this reference direct because this is not purely an Excise question but one wherein a revenue officer has been asked to asseign over some lands bearing Assessment to the Excise Department. —

I have the honor to be
 Sir
 Your most obedient Servant
 Nathaniel Tarver
 Deputy Commissioner

Excise Commissioner's office
N^o 3509 (ex 2) Bangalore 20th March 1894

From

The Excise Commissioner

in Mysore

To

The Chief Secretary to the Dewan
of Mysore

Sir,

In forwarding, herewith

Letter dated 15 th February 1894, with the list of lands. 2. Docket N ^o $\frac{3068}{74}$, dated 19 th February 1894, to the Deputy Commissioner Tumkur. 3. Docket N ^o 1352, dated 16 th March 1894, from - ditto.	copy of the mar- -ginaly noted corres- -pondence, I have the honor to state
--	---

that it is clear from the list accom-
panying Mr. Davis's letter that the
lands therein mentioned, contain
a valuable date grove which at present
supplies toddy to two local shops.

2. The Toddy Farm of the Civil and Military Station and City of Bangalore is dependent mostly upon the date groves in the Thunizal taluk, which have been already overworked. It seems very desirable that the lands in question, should be reserved for the purposes of toddy revenue. The Deputy Commissioner reports that the sales of the lands for cultivation were confirmed by him "long ago; but he does not say when he confirmed them. I beg that the Dewan may be pleased to cancel the sales of the said lands in the interests of Toddy Revenue.

3. Under Rule ^X XI of the Rules | *Part III*
under the Land Revenue code,
published on 22nd July 1890, Deputy
Commissioners are required to place
themselves in communication with
Forest and Excise officers and prepare
statements of lands to be reserved in
each village and publish the same
in

in the villages concerned. I have ~~been~~^{not}
been consulted accordingly about
the above lands. The Deputy Com-
missioner lays stress on certain lists
of date groves which were ordered to
be reserved in Government Proceed-

ings at No $\frac{353-4}{12}$, dated 19th April, 1889.
But these lists were prepared long
before the new system came to force,
and before the publication of the above
Rule XI. Moreover the lists referred to
by the Deputy Commissioner have not
been duly printed and published.
Even my office is not in possession
of a copy of the same. Under such
circumstances, I beg to solicit that the
Deputy Commissioner of Tumkur
may be ordered to prepare fresh lists
of date groves in communication with
me and submit them for publication.

I have the honor to be,

Sir

Your most obedient Servant

M. K. S.

Excise Commissioner
in Mysore

M. S.

From *Enclosure*
The Assistant to the Excise Commissioner

To The Excise Commissioner
in Mysore

Sir,

I have the honor to bring to your notice for urgent representation to Government the contemplated sanction of the sale of lands containing 3519 date trees and their inevitable destruction. I say contemplated sanction because the auction took place during the months of November and December, but the final orders of the Deputy Commissioner Tumkur have not yet been received.

detailed
Statement
is submitted
herewith.

1. The lands are in the village of Rambanahanta and contain 135-11 acres and there are 779 mature trees and 2740 immature trees now growing on them.

2. They consist of one block and offer

offer a most excellent opportunity
for forming a magnificent government
date grove, which is most urgently
needed here. At present these trees
supply two shops bringing in a
monthly revenue of Rs 75, and if
the land were fenced and date
seeds sown and kept free of
cattle trespass for a few years
I have no doubt a grove equal to
the supply of the Civil and
Military Station and city of
Bangalore, could be raised.

3 The trees in this Taluk supply
not only the shops in the Taluk
itself, but also those in four other
Taluks, besides being the principal
source of supply for Bangalore
so that it is obvious that every
date tree here is of considerable
value.

4. I take this opportunity of
placing on record my belief
from what I have seen and
heard lately that the destruction
of date trees is more rife than
ever

ever it was, and the reason ^{for} ~~this~~ ^{is} plain. Formerly under the old system each Taluk had its Ameen and sometimes an Inspector who zealously guarded the groves and reported any case of contemplated destruction to his employer who made his voice heard with the higher authorities, but now that the Foddy Inspectors are under the Amildars there is no one who dares or who can make his voice heard beyond the Taluk and it is useless to expect it under the existing state of things.

Camp Kunigal. } I have the honor to
15th February 1894 } signed, W. Vinicombe,

GOVERNMENT OF MYSORE

REVENUE.

PROCEEDINGS.

Dated 30th March 1894.

No. 16656-7.
R. F. 132-93.

Passing orders on the correspondence between the Excise Commissioner and the Deputy Commissioner, Tumkur District, on the subject of certain lands containing date trees in the Kunigal Taluk granted by the Deputy Commissioner for cultivation purposes.

*Proceedings of the Government of His Highness the Maharaja of Mysore,
(Revenue),—dated 30th March 1894.*

READ :—

Letter No. 3509—350, dated 20th March 1894, from the Excise Commissioner in Mysore, submitting for orders copy of correspondence between himself and the Deputy Commissioner, Tumkur District, regarding the grant for cultivation of certain lands containing date trees in the Kunigal Taluk.

No. 16656-7—R. F. 132-93, DATED, BANGALORE, 30TH MARCH 1894.

ORDER THEREON.—The Deputy Commissioner's action in selling the lands in question, though there are date trees on them, is in accordance with rule. By orders of 19th April 1889 the Government decided what lands in the Tumkur District should be reserved for the purpose of the Toddy Revenue. Lands not so reserved the Deputy Commissioner was at liberty to dispose of.

2. Rule XI of the Rules under the Land Revenue Code which Mr. Ricketts quotes was framed with the object of making the necessary future reservations, but when such reservations had already been ordered, the Rule could have no application.

3. Absence of information in the Excise Office regarding reservations already ordered is not satisfactory. The orders of 25th February and 19th April 1889 regarding reservations in the Shimoga and Chitaldroog Districts and afterwards in the Tumkur and Kadur Districts were issued in manuscript. These orders are referred to in para 5 of the printed Proceedings of 8th June 1889 which dealt with the Toddy Groves of Bangalore and Kolar.

4. The Excise Commissioner will be requested to carefully scrutinize the lists of existing reservations and report at an early date any additions to them which he may wish to make in the interests of Excise Revenue.

5. In the case now under reference, of the waste lands of Hurle Medu and Rambanhanta assessed at wet rates, the Deputy Commissioner will be requested to report at once upon the following points:—

- (1) The price obtained for these lands.
- (2) Whether the sale has been completed by delivery of possession and if so, when? Has the purchase been in cultivation, and if so, when?
- (3) Why some discretion was not used, as the lands though not reserved were being actually used to supply two shops with a monthly revenue of Rs. 75?
- (4) The Deputy Commissioner will further report if the sale can now be cancelled without undue hardship to any party, and if the sale is likely to affect the Toddy Revenue from the two shops above referred to.

An early reply is requested.

From

The Excise Commissioner

in Mysore

To

The Chief Secretary

to the Dewan of Mysore.

Sir,

With reference to paras 3 and 4 of

x Putup

Government Proceedings No. ^x 16656-7, dated
R. #. 132-93

30th March 1894, I have the honor to state
that, as the Excise Commissioner's office
was not in existence before June 1889, the
lists of the reserved date groves were not
received in it. In this office docket No.

⁶¹⁷⁹/₁₁₉, dated 29th July 1893, the Deputy Commis-
= sioner of the Tumkur District was re-
= quested to furnish this office with a
copy of the list of the lands reserved
in his district for the purposes of Toddy
Revenue, as per Government Proceedings

No.

No. $\frac{353-4}{11/2}$, dated 19th April 1889. But he
replied that, as no office copy of the list
was retained in his office, it might be
obtained from the Dewan's office. There-
upon I applied to the Chief Secretary in
my letter No. $\frac{6308}{344}$, dated 6th June 1893, for
copies of the lists of date groves ordered to be
reserved in each District ^{in 1889} but no reply
has been received up to date. Hence the
absence of information in my office
regarding the reservations of date groves
already ordered.

2. To enable me to scrutinize the lists
of existing reservations, and to submit
the report now called for by Government,
I beg to solicit that I may be favored
with the lists already applied for.

I have the honor to be,

Sir,

Your most obedient servant

Shankar

Excise Commissioner

22/5/94

The Govt. declines to
interfere with the sales
of the lands in question -
The Govt. cannot as a rule
reserve valuable wet
lands & garden lands
for the sake of the
groves on them. It is
easy to provide
for an ample wood
supply by reserving

More than half a
Garden land, and for
the long need of
the Completion of such
Reservation with the
attention of the Eccles
Com. will again be
called

No. 862
Enclo: 2

Deputy Commissioner's Office,
Tinnahri District.
Dated Thimphu 27th April 1894.

To, The Chief Secretary to the
Government of Mysore.

Sir

~~Put up~~
Put up

With reference to para 5 of
Government Order No. ¹⁶⁶⁵⁶⁻⁷ ~~16656-7~~ of
the 30th March 1894, about certain
lands in the Thimphu Taluk being
resumed and reserved for toddy
groves, I have the honor to state as
follows:—

2. — I enclose a sketch showing
the lands in question. They measure
acres — ¹³⁵ ₂₃ and are assessed at
Rupees 670-0-0. They are all wet and
garden lands. A statement showing
the extent and assessment of each of
them is also enclosed. In it is
shown the amounts realized by
their sale. They aggregate Rupees —
1254-12-0. In the summary Column

V. 11/12/94
75/12/94
900
Sub-
Tinnahri

of the ~~439~~ ⁴³⁹ statement the dates of Confirmation of the Sales and the delivery of possession of the land have been entered. - Also information as to whether the purchaser has begun Cultivation or not has been given. It will ~~thus~~ ^{therefrom} be seen that the Sales were confirmed (some by the Amildar and some by me according as the amount of the Sale was in his or in my powers of sanction) long before the Deice Commissioner's first reference to me of the 19th February 1894. Only land Nos: 20, 19, 47, 74, 49, 33, 48, 72, 71 measuring ^{acres} ^{guntas} _{23 - 35} and assessed at Rupees 137-⁰⁰ have been Cultivated. The rest are intact -

3. - These lands were sold for Cultivation because they are all good arable wet and garden lands situated close to an irrigation Channel drawn from a big tank and bearing a high assessment of Rupees 670 and because they were not included in the list of the land reserved for date

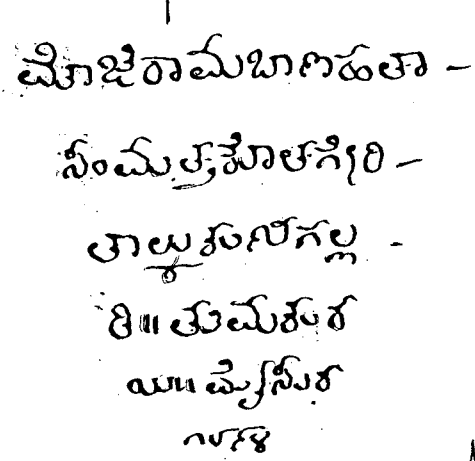

groves. - The two toddy shops ^{are} ~~are~~ ^{used} to use to draw their supply from the trees on these in addition to the supply from other trees elsewhere because they were on unoccupied lands. - This we thought was no reason to prevent extension of Cultivation.

In fact we do not think that such good lands are the ones for reservation for toddy groves. - Nor does their grant for Cultivation in our ^{opinion} endanger the receipts from the said shops. - We, therefore, do not recommend the Cancellation of the sales held and Confirmed. The number of mature toddy trees in each of these lands is not great it being 10, 33, 36, 49, 59, 42, 38, 58, 64, 42, 54, 20, 25, 32, 6, 15, 15, 5, 4, 20, 1, 18, 3, 20, 10, 3, 5, 10, 2, 10, 9, 6, 2, 9, 26, 8, 5, 3, 6, 6. We do not think this to be very large considering the areas of the lands. -

I have the honor to be,
Sir,
Your most obedient servant

M. Venkata Rao
Deputy Commissioner

The Excise Commissioner
in Mysore

To

The Chief Secretary
to the Dewan of Mysore.

Sir,

In reply to your docket No. ¹⁸⁸⁸⁵/_{R1850}, dated 27th April 1894, I have the honor to state that it is very necessary that the lands at Inosnagonda village in the Tiptur taluk, containing the date groves in question, should be reserved for the purpose of Toddy Revenue.

2. The lists of reservations of 1889, referred to by the Deputy Commissioner, Tunkur District, were prepared when the old Toddy System was in force, by the Taluk Officials of the respective taluks; and such lists must therefore contain reservations just enough for the local requirements of each taluk, but not also to meet the demand from other taluks in the same District or in other Districts. Many taluks in the province are badly off for date trees. At present the general cry of Toddy Vender Farmers is that "there are no date trees" or that "the existing date trees are not sufficient to meet the demand for Toddy." Toddy being a large item of State Revenue, besides being a wholesome

wholesome drink, every effort should be made to provide for the public demand for toddy. It takes more than ten years for new date plantations to become fit for tapping. Toddy Revenue will undoubtedly suffer if the existing date groves are allowed to be destroyed.

3. In taluks where the number of date groves is limited, the trees have been overworked, so much so that, unless they are given rest for one or two years according to the nature of the soil, they will perish. The unappropriated or unreserved date groves in such favored taluks as Arsikere, Tiptur, Chickhaikemhalli, Kadur, Chennajiri &c should be reserved to meet the demand for toddy in other taluks which are at convenient distances from them or are connected with them by railway. Any date groves in the Tiptur taluk, which are in excess of the local demand, are wanted not only for the requirements of the Kingal, Gubbi and Pankur taluks in which the trees have been overworked, but also for those of the Civil and Military Station and City of Bangalore. Hence I request that the aforesaid lands at Hosnagundi village containing valuable date groves, as well as the "Pambana hanta" lands in the Kingal taluk, on which date groves exist, may not be given out for

cultivation.

I have the honor to be,

Sir,
Your most obedient Servant

Sir,

Adverting to the Chief Secretary's
Official Memo No: 20905-12 of the 31st
May 1894, calling for a report through
you on subject No: 240 discussed at
the Representative Assembly of October
1893. I have the honor to state as follows:-

2. The members want wet lands containing
date trees to be given out for cultivation
reserving the trees to Government. I think
that giving out lands reserving the trees
thereon leads to complication. The revision
of the lists of toddy groves has recently been
ordered by Government in proceedings No:
16658-66 of the 30th March 1894. When
this is done and the needful reservations
are made, there would be no objection to
dispose of the other lands as applications
are received.

I have &c

From

(5)
The Excise Commissioner,

Mysore.

To

The Chief Secretary to the Dewan,
of Mysore.

Sir,

With reference to your official
① Memo N^o $\frac{20913}{91445}$, dated 31st May 1894,
I have the honor to forward, herewith,
letter N^o 63, dated $\frac{7}{8}$ 1st instant from the
Deputy Commissioner, Madur District,
together with its enclosures, reporting to
what extent wet lands containing date
groves, are in request in his District,
and under what conditions and restrictions
such lands may be given out for cultivation
Portions

Portions of ~~any~~ wet Survey numbers which contain date groves and which are consequently uncultivable, are, I believe, shown as the "Phut Kharale" of such numbers. In view to extend wet cultivation, I have no objection to wet lands being given out for cultivation, the portions containing date trees being either sub-divided into separate numbers ~~or~~ reserved for the purposes of Toddy Revenue, or the date groves standing thereon being reserved under Section 41 (4) of the Land Revenue Code. These points should be thoroughly investigated and settled by the Deputy Commissioners, for the preparation of the revised lists of reservations for Toddy Revenue, after the completion of the enumeration of date trees and in demarcation

demarcation of date grows ~~re~~ ^{ordered}
by Government. 129

Madurai District

Chikmagalur 7th August 1894

Enc: 2

From Enclosure (5)

13/8/94

The Deputy Commissioner
Madurai District

To

The Chief Secretary to the
Government of Mysore
(Through the Excise Commissioner)

Sir,

In reply to your official memo no
20905-12 dated 31st May 1894, drawing
of 14.4.4
my attention to subject no 240 of the
Dasara Representative Assembly Pro-
ceedings of October 1893, and calling for
a report as to what extent wet lands
are in request in this district for culti-
vation, I beg to forward herewith copy of
order no 123 dated 28th June 1894 from
the General Asst Commr, together with
a statement of wet lands applied for
cultivation and the number of Torry
trees standing thereon.

2 I beg to state that it is chiefly in

Chikmagalur

~~the~~ Madur and ~~Zanthee~~ Taluks of
this District it be ——— comes
necessary to protect the toddy groves
in the interests of the Department with-
out being oblivious to the demand for
lands for wet cultivation. The demand
for such lands is increasing in the
Madur Taluk, which is purely a mai-
dan Taluk. However much it may be
desirable to encourage wet cultivation
in this Taluk, I consider it should
not at all events be at the sacrifice
of the toddy groves. It has already
been decided by Government in their
Proceedings No 2827-85
57 dated 21 Aug: 1883,
that the lands which are situated in
the midst of groves should not be
given out for cultivation.

The other two cases which remain
are —

- (1) Lands situated outside the grove,
by which I mean the demarcated grove,
but contiguous to it still contain-
ing some toddy trees in them, and
- (2) detached lands containing toddy
trees.

3. No serious objection appears to me
to exist if the lands in the above two

cases are granted for cultivation except that the close proximity of the lands mentioned in No. 1 may prove prejudicial to the demarcated grove by unauthorized encroachments. To guard against this in granting this land for wet cultivation, the dar Khastdar may be bound down, by a^o Mutchahika, always to leave a margin of 5 feet uncultivated in the number on the side bordering the grove, which is 2 feet more than the portion compulsory on the ryot to leave uncultivated in case of dry fields. No such restriction is necessary with regard to detached lands.

4. From the above it will be observed that I have presumed that all the groves have been demarcated, which is not yet the case, and till the demarcating operations which are now in progress are completed I would suggest that only detached solitary numbers not containing more than 40 full grown trees per acre may be given out for wet cultivation. I suggest this limit to guard against any such detached number being

unappropriately given away for
wet cultivation, which on account
of the number of trees standing
on it can of itself form into a grove.

I have the honor to be

Sir,

Your most obedient servant

Am. S. *Richard*
Off Deputy Commr
Madras District

From

(5)
The General Assessor
Hadr District

To

The Deputy Commissioner
Hadr District.

Dated 28th June 1894

No 123 Encs 2

Official Memorandum No 451 dated
11th June 1894 forwarding Chief Secre-
tary's No 20905-12 dated 31st May 1894.
8 1444
(in original) calling for report as to
what extent of wet lands containing
date trees are in requisit in this Dis-
trict and whether they may be con-
veniently granted under special
agreement reserving date trees to
Government.

In returning the above has the
honour to report that by examining
the references from the Dar Khast
files and correspondences of the

Madur Taluk, it is found that some 15 applications for _____ wet lands measuring 68 acres and 35 guntas assessed at Rs 253-4- were received and rejected as these survey numbers had been reserved for toddy groves. A statement showing the area and the number of trees in each number is herewith submitted.

As to such lands being given out for cultivation reserving the date trees in them, the undersigned is of opinion that some of these lands which are not in the midst of or adjoining any grove which is being utilized "full" for tapping toddy and are left Udafa maybe conveniently given out for cultivation after the trees are counted by some responsible official and necessary mutchalikas are obtained. Giving out wet lands in the midst of groves under these terms would, in the future, lead to the destruction of seedlings and young trees which are used for supplying fodder to cattle. By giving out wet lands which

which contain trees in thick ~~and~~ the borders and ridges when not interfering with a well-worked grove, the trees therein will be well preserved from unnecessary destruction as the holders will take every care to preserve them that they may not be put to any loss. Wet cultivation in the intervening spaces may add to the growth and reproduction of such trees.

The Chief Secretary to the Dewan
of Mysore

Sir,

In continuation of my letter
No $\frac{795}{63}$, dated $\frac{11}{14}$ th instant I have the
honor to forward, herewith, copy of
letter No $\frac{158}{2}$, dated $\frac{12}{13}$ th instant,
from the Deputy Commissioner,
Chitaldrug District, reporting his
views about granting wet lands
containing date groves, for cultivation
in his District. I concur in his
opinion that portions of wet numbers
covered with date groves might be
sub-divided and reserved for the
purposes of Toddy Revenue. the
remaining portions being separated
and

99
and given out for cultivation; and
that wet numbers containing date
trees scattered about, and which
are not required for Excise purposes,
might be given out for cultivation.

I have the honor to be,
Sir,

Your most obedient Servant,

Chittaldroog District

12th August 1894

From

~~General~~
To S. L. 19 (6)
The Deputy Commissioner
Chittaldroog District

To

The Excise Commissioner
in Mysore.

Sir,

With reference to the Chief
Secretary's official memorandum
no. ¹⁴⁴⁴20905, dated 31st May last,
calling my attention to Subject
no. 240 of the Dasara Representative
Assembly Proceedings of
October 1893 and requesting
me to report through you to
what extent wet lands
containing date trees are in
request in this District and
whether they may be conveniently
granted.

granted for cultivation under Special agreements, reserving the date trees to Government, I have the honor to state that there is not much demand in this District for wet lands of the description mentioned above as will be observed from the fact that during the whole of the year 1893-94 there were only 17 Sarkhasts for such lands from all the Taluqs.

2. There is a diversity of opinion among the Amildars whom I have consulted on the subject. Some of them are in favor of the grant of such lands under Special agreements, while the others are against it. My own opinion is that such agreements could be easily evaded by the ryots concerned

concerned and that the ~~proposed~~ ¹¹⁰² concession would in a large number of cases operate prejudicially to the interests of government. It would be extremely difficult to prevent effectually the gradual and clandestine destruction of date trees and plants by the occupants of such lands.

3. The grant of lands for cultivation subject to reservation is generally an unsatisfactory arrangement and I am not prepared to recommend it in this particular instance. Wherever the portion covered by date trees could be easily divided off from the portion free from such growth, the latter might be advantageously given a sub-number and granted for purposes of cultivation. Likewise

And where ever the trees are
not thick, or are not required
for excise purposes, there could
be no objection to the entire
land being given out for
cultivation. Further than
this, I find myself unable
to concede.

I have the honor &c.

Mysore District.

(8) Dated Mysore 10th October 1894

From

A. Kungaxami Sengar, Esquire.
Deputy Commissioner

To

The Chief Secretary to the Dewan
of Mysore —

Sir,

With reference to your Official Memo.

(1) : Random No. ^{J. 1444} 20905-12 dated 31st May 1894,
enquiring whether wet lands containing date
trees may be granted for cultivation, re-
serving the trees to Government (Daevara
subject No. 240 of 1893), I have the
honor to state that this arrangement is
not likely to work well. The reservation
of the trees to Government will eventually
prove to be of no benefit, as the trees
are apt to decay from moisture and it
is not desirable to refuse land for wet
cultivation merely on the score of its
containing date trees, except where it is
not

180

not possible to supply the required toddy
otherwise.. Even in such a contingency,
this reservation of the state land should be
allowed only for a limited number of
years till other arrangements can be made
for the supply.

I have the honor to be,

Sir,

Your most obedt. servant

Manamangy
Deputy Commissioner
Mysore District.

No. 143 of 1894-95.

Enc 5-

Memo.

Deputy Commissioner's No. 4168 dated.
12th June 1894. ~~General~~

Begs to forward two statements
received from the Magady and Chemu-
patam Amildars with their reports
in original. The Frankhully Taluk
not being settled, a statement in
detail cannot be furnished. But
the Amildar has not yet replied.
A reminder is also sent to the Clopper
Deputy Amildar. In the opinion of
undersigned, there is no use in re-
serving lands which do not con-
tain 50 or more trees to an acre.
If such land is part of a larger
survey No., it should be phoded
and reserved for Government
Reserving the Government right in
trees and selling the land is an
arrangement that will never work
satisfactorily. If there are lands

with less than 50 trees an acre
and such trees yield any quantity
of toddy, the occupant will lease
them out to the Toddy farmer.

The number of such trees is within
my knowledge, or inspection, so
small that there is no fear of
the occupant demanding ex-
orbitant prices from the Toddy
farmer. Government will get the
capitalized value of the income
from toddy in the first sale of
the land (lands with date trees
should never be given to the 1st
applicant without a sale)

Enclosure 10

To

The Chief Secretary to the
Dewan of Mysore through
the Excise Commissioner
in Mysore.

Sir,

With reference to your official

Copy enclosed for
the information of
the Excise Commissioner.

① Memorandum No. $\frac{20905-12}{9144}$ of the
31st ultimo, I have the honor to
state that wet lands containing
date trees may be granted for
cultivation in the interest of land
revenue, where such grant is
more profitable to Government
than reserving them for the sake of
the Doodz revenue or where the
applicants agree to the reservation
by Government of such trees or
plants which do not interfere
with cultivation.

2. When an application is received, the point can be easily disposed of one way or the other with the necessary enquiry.

3. In the case of wet lands under the Sulikeri channel, the sub-division of the parts full of date trees is in progress, and it is proposed to give out for cultivation the portions without any date tree or with a few insignificant trees or plants which must necessarily be removed to admit of cultivation.

4. Generally speaking the wet lands under tanks &c. contain most of the trees or plants around them with empty space within, which may well be cultivated without interfering with the trees or plants growing on the borders.

I have &c.

Bangalore.

Sir,

With reference to the Chief
Secretary's Official Memorandum
N^o 20905 dated 31st May last,
calling my attention to Subject
N^o 240 of the Dacca Representative
Assembly Proceedings of
October 1893, and requesting me
to report through you to what
extent Wet Lands containing
date trees are in request in this
District and whether they may
be conveniently granted for
cultivation under special agree-
ments preserving the date trees to
Government, I have the honor to
state that there is not much demand
in this District for wet lands of the
description mentioned above as
will be observed from the fact
that

that during the whole of the year 1893-94 there were only 17 dawkhasts for such lands from all the Valooks.

2. There is a diversity of opinion among the Amildars whom I have consulted on the subject. Some of them are in favor of the grant of such lands under special agreements while the others are against it. My own opinion is that such agreements could be easily evaded by the ryots concerned and that the proposed concession would in a large number of cases operate prejudicially to the interests of Government. It would be extremely difficult to prevent effectually the gradual and clandestine destruction of date trees and plants by the occupants of such lands.

3. The grant of lands for cultivation subject to reservations is generally an unsatisfactory arrangement, and

11737

And I am not prepared to
recommend it in this particular
instance. Whenever the portion
covered by date trees could be
easily divided off from the
portion free from such growth,
the latter might be advantageously
given a sub-number and granted
for purposes of cultivation.
Likewise whenever the trees are
not thick or are not required
for Encire purposes, there could
be no objection to the entire land
being given out for cultivation.
Further than this, I find myself
unable to concede.

The Revenue Secretary to the
Government of Mysore.

Sir,

In reply to your docket No 5277 dated
9th instant, I have the honor to forward,
herewith, report No 477, dated 19th October
1894, from the Deputy Commissioner
Bangalore District, together with its en-
-closure, and also another report No 578,
dated 14th November 1894, with its enclosure
received from him, showing the extent of
wet lands containing date trees, which may
be given for cultivation in the Nagady,
Davenhalli, & Belavangala Taluks.

2. A revised complete list for the whole
District called for, with the following
particulars, has not yet been received
from the Deputy Commissioner.

(1) A note should be given against each
survey number as to whether the date
trees are in one group in a portion of the
number, in which case the area of such
portion

1293
portion should be ascertained & stated
in view to the same being subdivided
& separated for the purposes of Toddy
Revenue; or (2) whether the date trees in
the number are scattered about.

To The Secretary to the
Government of Mysore
General & Revenue Department

Sir,

In reply to your docket
No. 8724 dated 21st ultimo, I
have the honor to submit, herewith
a copy of the list of the wet
lands containing date trees, received
today from the Deputy Commissioner
Bangalore district.

2. The Bangalore district being
very badly off for the supply
of Foddy, it is necessary that
the date trees in the wet lands
mentioned in the above list except the
8 trees at Chickbiderhallu and 1 tree at
Kasghatpura, Belmangala Taluk, should
be reserved for the purposes of Foddy Revenue.

I have the honor to be,

Sir,

(23)

In reply to your docket No. ^x8066, Ex 309, dated 16th March 1897, I have the honor to state that the Deputy Commissioner Bangalore District reports in his docket No. 102, dated the 22nd inst., that, in the taluqs of Bangalore Hoskote, Anekal and Chennarayana there is no demand for wet lands containing date trees; that, in the Hozahalli Hobli of the Doddballapur taluk, there is a demand for such lands, but that the Darkhasts are rejected on the ground that the lands contain date trees; and that in the Harohalli Hobli of the Kankachalli taluk, Darkhasts for two Survey numbers have been received for the current year, and so they

they are still pending

135

2. The Deputy Commissioner has been requested to report the Survey Nos., area and assessment of the lands in the Doddballapur taluk, for which the Dackhasts are rejected whether these lands are included in the list of Date Reserves, and how many date trees and plants there are in each of the Survey numbers comprised in the said lands, and also the same particulars regarding the two Survey numbers in the Kankanihalli taluk, as well as final orders passed regarding the latter.

Received

General No. A-140.
No.

Enclosure No. 2 files.

His official Memorandum
Memorandum No. $\frac{3847}{83}$,
dated the 8th November
1897, requesting some in-
formation regarding the
lands containing date
trees for which applica-
tions have come

Has the honor to state
that the particulars of
the lands in the Dodballa-
pur Taluk, applications for

for which were rejected, are given below: -

Village Kosaahalli

Survey No. 27 Extent ^{a. g.} 2-30. Assessment ^{Rs. As. P.} 6-12-1. toddy trees in it 15.
- do - 20 - - 9-6 - - - 22-4- - - - 64.

Both these numbers are included in the list of the lands reserved for date groves.

2. The Kankanhalli Amildar reports that the application for Survey No. 93 in Konaandra Village, measuring ^{a. g.} 2-16 assessed at Rs. 2/- and containing 10 useless date trees was accepted and the land given out for cultivation, but Survey No. 80 of the same village measuring ^{a. g.} 2-21, assessed at Rs. 7-8-4 and containing 20 ^{toddy} trees was not given, although it had not been included in the said list.

Sd/- B. K. Venkata Varadachari,
Deputy Commissioner.
